Fun Times at the Carnival

Dot Hill enjoys a delicious funnel cake at the carnival!

Penny Ray knows how to enjoy a good carnival!

Residents were treated to a variety of games, crafts, food, and other activities during our spring carnival! We enjoyed celebrating the lessening of restrictions with treats, fun, and a little friendly competition. Even the pups came out to see what all the fun and laughter was about!

Andrey Anderson steps right up to try his luck at Ring Toss!

Introducing TSOLife

*Technology designed
to enrich the lives of our residents!*

We are committed to enhancing our residents' quality of life, which is why we are thrilled to partner with TSOLife to leverage the power of technology to deliver purpose-driven programming and individualized experiences to our residents.

We begin with one-on-one interviews where we gain a deeper understanding of each resident so we can tailor their experience at Our Lady of Peace. Information is collected in a digital profile and used to connect residents to what is meaningful to them – including favorite activities, residents with similar interests, and even reminders when their favorite sports team plays!

From personal preferences to hobbies and activities, each person's interests are unique. We get to know each person on an individual level and use these insights to create a fulfilling life at Our Lady of Peace.

To learn more about our new partnership with TSOLife, please visit our-lady-of-peace.com/tsolife or call us today!

Sunshine and Summertime

Our residents love taking in the sunshine and getting their hands dirty in the soil as they enjoy the beauty of our flowers and tend to our gardens. For many, the fresh air and beautiful scenery brings them great peace and joy, and gardening improves their dexterity while nurturing their creativity.

Helen Barsalou spends time planting new flowers and gardening.

Juanita Weber enjoys the new spring blossoms.

Residents Pierre LaPisto, Barbara LaChance, Fay Garrison, and Marguerite Shepherd enjoy their after-lunch patio visits!

Safety Reimagined

Continuing to protect our residents

Times change, but not our commitment to your loved ones.

Our first priority has always been – and will always remain – to protect the health and safety of our residents and staff. We are committed to keeping our community clean and safe, which is why we are continuously enhancing our sanitation protocols and life safety programs as improved technology and new information become available.

Here are a few of the protection features and infection control protocols, both new and old, that help us safeguard our residents' and team members' comprehensive well-being:

- **New! Patented Bipolar Ionization Technology** that safely cleans indoor air and reduces infectivity of certain viruses by more than 90% by creating and releasing ions into the airstream. These ions attach to particles (such as dust, dander, pollen, smoke, and even pathogens such as mold, viruses, and bacteria) and become larger, making them more easily filtered. The technology delivers indoor air that is free of ozone and other harmful byproducts, thereby lowering our carbon footprint while reducing airborne particulates, odors, and pathogens.
- **Our Specialized Infection Control and Prevention Team** continues to monitor and implement all guidance and recommendations from local, state, and national health agencies.
- **Continued utilization of innovative electrostatic spray technology** such as Clorox Total 360® to kill COVID-19 (on hard, nonporous surfaces), cold and flu viruses, norovirus, MRSA, and more than 40 additional pathogens.
- **Implementation of additional touchless technology** throughout the community, including entrances and restrooms.
- **Refined protocols** for storage and distribution of personal protective equipment (“PPE”).
- **Continued screenings for all staff and visitors** entering the community (temperature taken, travel and symptom questions, etc.).
- **Our Physical/Life Safety Programs and Systems** remain a critical component of our commitment to comprehensive safety, including but not limited to fire suppression and sprinkler systems, a full-building generator, security cameras and secure entrances/exits, and pull cords in every resident apartment.

Resident Masterpieces

Our residents love creating beautiful works of art – and we love benefitting from their creativity! Recently, our residents painted small rocks to be placed around the Our Lady of Peace community and the surrounding neighborhood to help spread smiles and joy to those who find them. They also painted new masterpieces for us to display on the walls of our halls.

Our Lady of Peace is nonprofit, nondenominational, and is sponsored by the Catholic Diocese of Richmond.
